Dear Investor,

Greetings from Sundaram Mutual, your financial partner, who has been managing the investments of 36 lakh investor accounts, over the past <18> years.

To achieve your financial goals, you have made the right decision of staying invested in Sundaram S.M.I.L.E. which has returned <21.3%>p.a. since inception (February 2005) and has consistently beaten its benchmark over time.

Benefits of staying invested for the long term: Making an investment for the long term can be rewarding since the impact of near term volatility fades over time. Investing over a longer period helps promote savings and enables you to achieve financial goals like preparing for Retirement, saving for your Child's College Education or Marriage, apart from creating wealth to meet one's growing needs.

Please find below an illustration of how an investment of Rs.10,000/- in Sundaram S.M.I.L.E. since inception has helped build wealth over time.
